REPORT A PARKING VIOLATION

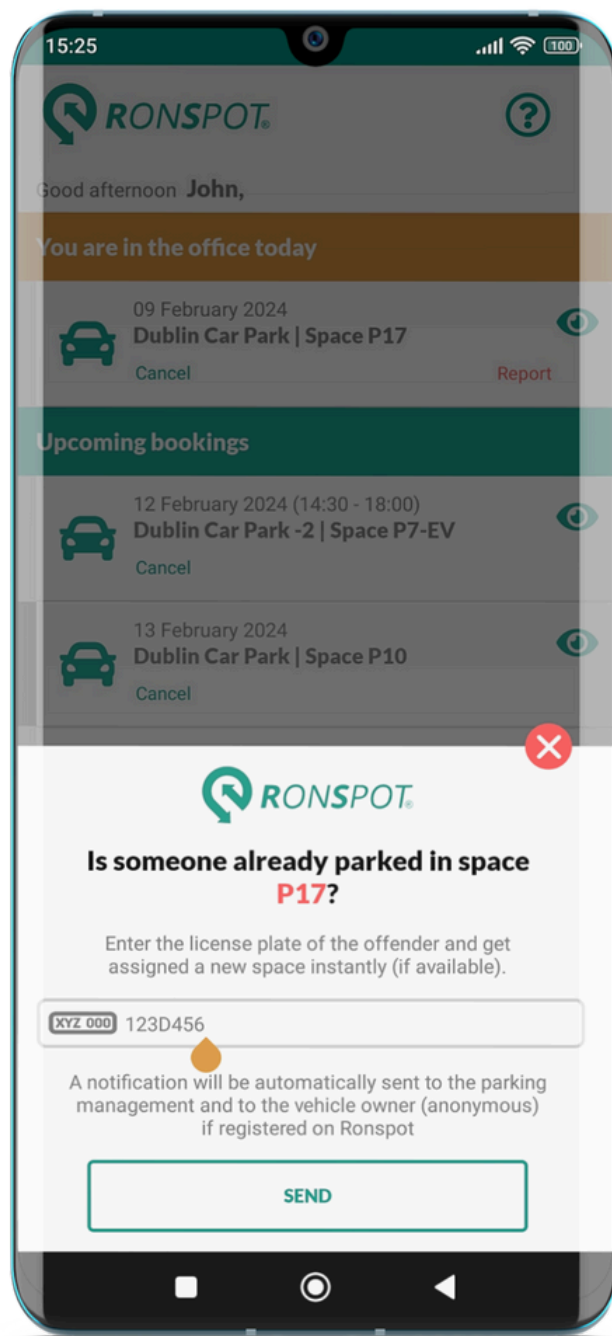

STEP 1

Find your booking on the homepage and click **Report**

STEP 2

Type the plate number of the vehicle parked in your space and click **Send**

HOW TO USE CREDITS (1/2)

What are credits for?

Credits are free tokens allocated to employees either on the first day of each month (monthly refills) or every week (weekly refills). They serve to regulate the number of bookings each employee can make in advance.

When is a credit needed?

This depends solely on your company's settings, as credits may be enabled for future bookings or certain days only. To determine when a credit is needed, simply click on a day or a parking space and look for the credit icon  inside the popup.

How many credits do I have?

Navigate to the calendar where your credit balance will be displayed in a red circle  in the top right corner. If the icon is not visible, it indicates that your company has opted not to use credits.

How often will I get credits?

Your account will automatically be credited with tokens on a monthly or weekly basis, based on your company's settings.

HOW TO USE CREDITS (2/2)

How to gain a credit back?

Credit refund serves as an incentive for employees to cancel their unused bookings. Depending on your company's settings and the time of cancellation, credits may be fully or partially refunded, or not refunded at all. The refund cost is visible within the cancellation popup.

Can unused credits be carried forward?

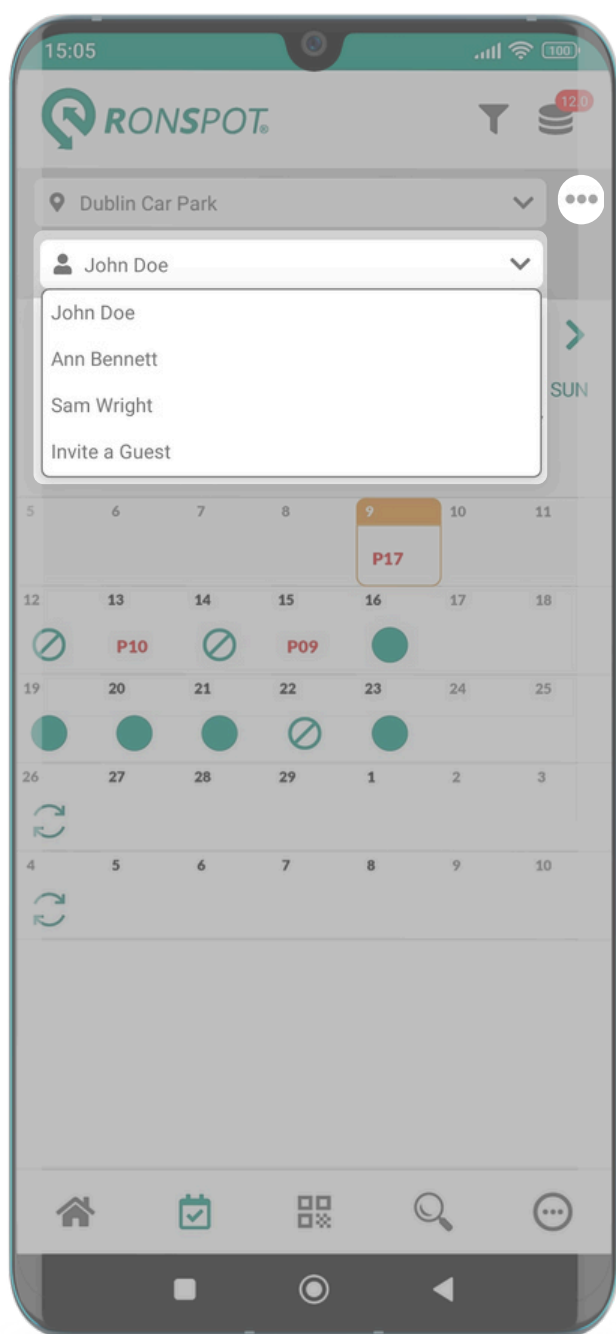

No, unused credits will be lost. This intentional measure prevents employees from accumulating credits and overbooking.

MAKE A GUEST/TEAM BOOKING

This functionality depends on your company's settings, you may or may not have access to it

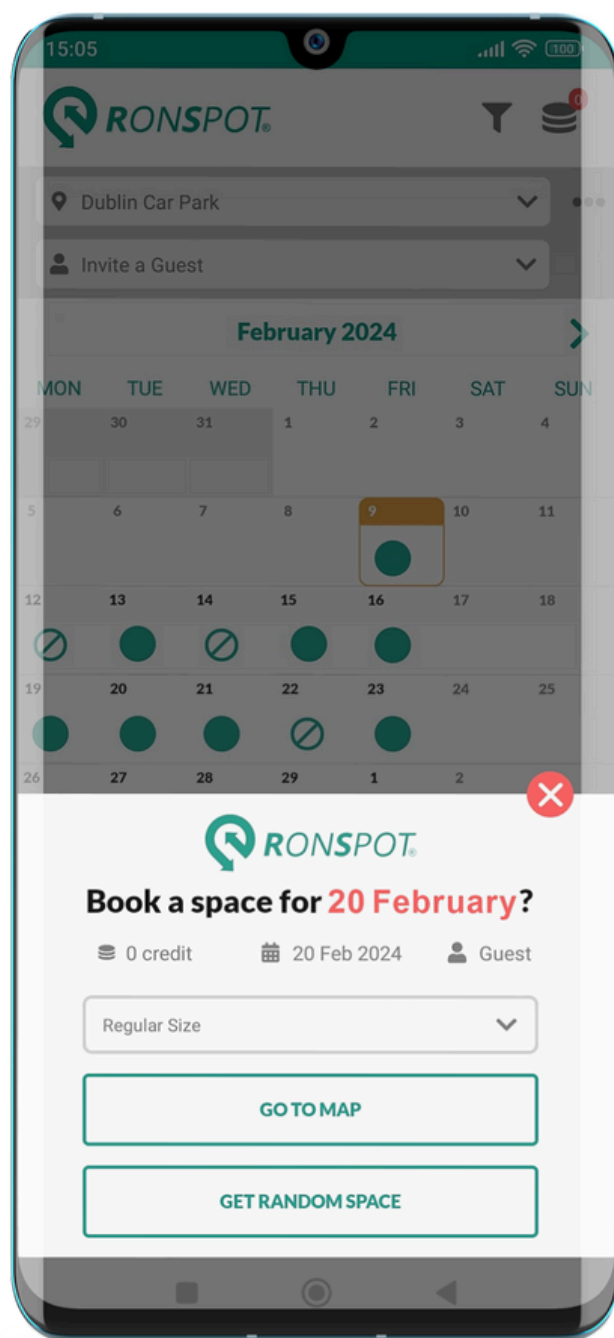

STEP 1

Click on the icon **...** and select **Invite a guest**, or a different user
